DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on 26 February 2010 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): applicants were required to elect a non β -oxidizable fatty acid entity, such as tetradecylthioacetic acid, tetradecylselenoacetic acid, 3-thia-15-heptadecyne, phosphatidyl choline, phosphatidyl serine, etc. However, applicants did not elect a species, but rather elected a genus (all compounds of group (a) in claim 48). These compounds do not represent a single species but rather encompass numerous species. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
